

324: The Sequel errors

(patterns purchased after November 1, 2024 do not contain these errors)

Small stitches missing:

- E1, N1, E10, & N10: missing line at the bottom
- B5, K5, B14, & K14: small diagonal line missing on the left
- B6, K6, B15, & K15: 2 small diagonal lines missing on the left

French knots were clearly not my friend when it came to working with my charting software! If you wish to stitch this design as pictured on the front of the pattern, please make note of these corrections:

Squares with French knots that did not copy over to all 3 quadrants:

- A1: those same French knots should be in J1, A10, & J10
- D1: those same French knots should be in M1, D10, & M10
- F7: those same French knots should be in O7, F16, & O16
- D5: there should be a French knot in the center and then all those French knots should be in M5, D14, & M14

Squares that are missing French knots in the chart, but you will see them in my stitched model:
